

## My People With Reprobate Minds Of Satan, Damned Forever, Amen!

“The people are interested in Satan— the depths of Satan to be exact. That is what they strive for in life, My son. My people have grown tired of Me, but how can they since I Am the Source of life? They want another in their life— I Am not enough. They want the depths of Satan— spiritism of the Devil. I Am not enough for them; the simplicity of Christ they despise; they want complex answers; My people have grown too sophisticated for Me. Did I not say they would not endure sound doctrine anymore? They want the answers of Satan, the depths of Satan, not Me; complex answers they want, peeping and muttering answers from the Dark Side from the mouths of My wizards of evil they want— séances and answers of the dead; My grace they despise; the Dark Side of evil is what they want, not Me. They are glad to worship Satan; My people have rejected Me; they want no part of My Christianity, only agents of death, demons from the deep caverns of Hell, mysteries not meant for the common man to fathom. I Am against them eternally; they want the Antichrist; that they want and will gladly receive him into their lives and his mark; they want Me not. My son, I Am against them; many shall die by My Hand; My plague of germs manufactured by the enemy shall get them. There shall be a great depopulation in the Earth; My people want Me not; they want Satan, My son. That they don’t want Me but the enemy is a sign of the End Times; many shall depart the faith to follow seducing spirits; the prophets they want not because they remind them of Me. Forever gone astray, they ingest the lies of Satan: they are many. They want not the truth but are given unto strong delusion by Me. All lies they want but will eschew the truth, My son. They want not Me but the delusions of their minds. Forever departed from Me, they want Me not, the Source of Truth and Life forever. They shall be damned forever, wanting not the truth but the delusions of their minds sent from Me; they believe the lies; their minds are corrupt, reprobate unto any good work. Sin

**they want and not righteousness; they love to sin before Me and will not leave their wicked ways, preferring that above all else, even eternal life. That they do not want because they love Me not, their Creator, but Satan, whom they follow unto damnation. My wicked, corrupt people with modern minds will follow Me not but My enemy Satan unto their damnation forever! Your LORD has spoken. Amen and amen, My son."**
